Fisheries Poster Project

Introduction: If there is one thing that I want you to take away from our fisheries unit, it's that fisheries are in trouble. To cement the point, you are going to spend today making a small (8.5" x 11") poster about one of the issues from the unit.

Directions:

1. Look through the material from this unit. Especially the last two chapters.
2. Pick one of the problems that has been discussed in this unit that is contributing to a decline in the fish populations.
 - a. Write your issue here:
3. Pick three facts about the issue from the unit:
 - a. Write your three facts here:
4. Pick a solution that could help the problem:
 - a. Write your solution here:

5. Sketch a rough design for your poster here:

6. Use the materials to create a full-scale version of your poster.

7. Hand in this sheet and your poster at the end of the period. Nice job!
